

Hexavalent Chromium Project Expert Technical Review Team

Dr. Inés Triay, Ph.D., Team Lead

Interim Dean, College of Engineering and Computing, and the Executive Director for the Applied Research Center, Florida International University

Dr. Vedat Batu, Ph.D., P.E.

Surface and Subsurface Hydrologist and Argonne Associate, Argonne National Laboratory

Dr. Fred Day-Lewis, Ph.D.

Chief Geophysicist and Lab Fellow, Pacific Northwest National Laboratory

Inci Demirkanli

Senior Hydrogeologist, Pacific Northwest National Laboratory

Dr. J.F. “Rick” Devlin, Ph.D.

Earth Sciences Professor, University of Kansas

Scott Ellinger, P.G.

Geologist and Physical Scientist, U.S. Environmental Protection Agency, Region 6

Dr. J. Alexandra Hakala, Ph.D.

Senior Physical Research Scientist and Senior Fellow, National Energy Technology Laboratory

Dr. Brian B. Looney, Ph.D.

Senior Fellow, Environmental Engineer, Savannah River National Laboratory

Dr. Charles Newell, Ph.D., P.E.

Environmental Engineer, Vice President, GSI Environmental Inc.

Dr. Sorab Panday, Ph.D.

Civil & Environmental Engineer, Principal Engineer, GSI Environmental, Inc.

Dr. Mark Rigali, Ph.D.

Geology/Geochemistry, Principal Member of Technical Staff, Sandia National Laboratories

Dr. Daniel Stephens, Ph.D.

Hydrology, Part-time Acting Director, Hantush-Deju National Hydrologic Innovation Center, New Mexico Tech; Founder of Daniel B. Stephens & Associates, Inc.

Dr. Matthew J. Tonkin, Ph.D.

Civil Engineering, Principal Hydrogeologist, President, S.S. Papadopoulos & Associates, Inc.

Dr. Haruko Wainwright, Ph.D.

Assistant Professor, Department of Nuclear Science and Engineering, Massachusetts Institute of Technology

David Wilson

Senior Strategist, Longenecker & Associates
