**Date:** Monday, February 09, 2015 9:36:12 AM

---

This permit promotes the interests of a very small group. The government and the pentagon to promote their new cold war with Russia and the clic of very wealthy fossil fuel Robber Barons who's sole interest is in the short term accumulation of wealth. I am a simple pimple to be squeezed till I bleed. I (in the plural) simply am in the way.

At least give me the appearance of a system not stacked against me.
