**Subject:** Kinder Morgan NE Pipeline  
**Date:** Monday, February 09, 2015 4:26:38 PM

---

I am an Ashfield resident who strongly opposes the proposed pipeline through the Hilltowns of Western Massachusetts. I am particularly opposed to the pipeline being used for the political and economic purpose of exporting natural gas. I need not iterate again the environmental hazards and disruptions that will occur if this pipeline is approved nor the harm it will do the landscape of these beautiful and tranquil hills. I hope the timeframe to respond to this permit to export request will be extended so that residents have ample time to respond rather than be subject to under-the-gun proposals such as this particular permit request.

Thank you for your consideration.
