CONSTELLATION ENERGY SERVICES, INC.)
(formerly Integrys Energy Services, Inc.))

FE DOCKET NO. 15-40-NG

ORDER GRANTING BLANKET AUTHORIZATION TO IMPORT
AND EXPORT NATURAL GAS FROM AND TO CANADA
AND VACATING PRIOR AUTHORIZATION

DOE/FE ORDER NO. 3619

APRIL 1, 2015

I. DESCRIPTION OF REQUEST

On March 4, 2015, Constellation Energy Services, Inc. (Constellation), formerly known as Integrys Energy Services, Inc. (Integrys Energy), filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE) under section 3 of the Natural Gas Act (NGA)¹ for blanket authorization to import and export up to a combined total of 100 billion cubic feet (Bcf) of natural gas from and to Canada. The applicant requests the authorization be granted for a two-year term beginning on April 1, 2015. Constellation is a Wisconsin corporation with its principal place of business in De Pere, Wisconsin.

Additionally, on March 4, 2015, Constellation notified DOE/FE of its corporate name change from Integrys Energy to Constellation, effective April 1, 2015. In light of this name change, Constellation asks DOE/FE to vacate Integrys Energy's existing authorization in DOE/FE Order No. 3565 (FE Docket No. 14-187-NG), which authorizes Integrys Energy to import and export natural gas from and to Canada for a two-year term which began on February 21, 2015, and extends through February 20, 2017. Constellation asks DOE/FE to vacate Order No. 3565 effective April 1, 2015, the same day that both Constellation's name change and requested authorization go into effect.

II. FINDING

The application has been evaluated to determine if the proposed import and/or export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and

¹ The authority to regulate the imports and exports of natural gas, including liquefied natural gas, under section 3 of the NGA (15 U.S.C. § 717b) has been delegated to the Assistant Secretary for FE in Redelegation Order No. 00-006.02F issued on November 17, 2014.

the import of LNG from other international sources are deemed to be consistent with the public interest, and applications for such imports and exports must be granted without modification or delay. The authorization sought by Constellation to import and export natural gas from and to Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

ORDER

Pursuant to section 3 of the NGA, it is ordered that:

A. Constellation is authorized to import and export up to a combined total of 100 Bcf of natural gas from and to Canada, pursuant to transactions that have terms of no longer than two years. This authorization shall be effective for a two-year term beginning on April 1, 2015, and extending through March 31, 2017.

B. This natural gas may be imported and exported at any point on the border between the United States and Canada.

C. **Monthly Reports:** With respect to the natural gas imports and exports authorized by this Order, Constellation shall file with the Office of Oil and Gas Global Security and Supply, within 30 days following the last day of each calendar month, a report indicating whether imports or exports of natural gas have been made. Monthly reports must be filed whether or not initial deliveries have begun. If no imports and/or exports have been made, a report of “no activity” for that month must be filed. If imports and/or exports of natural gas have occurred, the report must give the following details: (1) for imports, the country of origin; (2) for exports, the country of destination; (3) the point(s) of entry and exit; (4) the volume in thousand cubic feet (Mcf); (5) the average purchase price of gas per million British thermal units (MMBtu) at the

international border; (6) the name of the supplier(s); (7) the name of the U.S. transporter(s); (8) the estimated or actual duration of the supply agreement(s); and (9) for imports, the geographic markets(s) served (list State(s), U.S. Census Region(s), or general U.S. geographic area(s)).

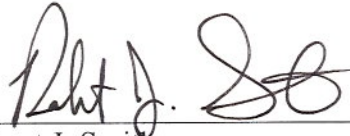

(Approved by the Office of Management and Budget under OMB Control No. 1901-0294)

D. The first monthly report required by this Order is due not later than May 30, 2015, and should cover the reporting period from April 1, 2015, through April 30, 2015.

E. All monthly report filings shall be made to U.S. Department of Energy (FE-34), Office of Fossil Energy, Office of Oil and Gas Global Security and Supply, P.O. Box 44375, Washington, D.C. 20026-4375, Attention: Natural Gas Reports. Alternatively, reports may be e-mailed to ngreports@hq.doe.gov, or may be faxed to Natural Gas Reports at (202) 586-6050.

F. Integrys Energy's blanket authorization to import and export natural gas from and to Canada, granted in DOE/FE Order No. 3565 on December 11, 2014, is hereby vacated upon issuance of this Order.

Issued in Washington, D.C., on April 1, 2015.
