OFFICE OF FOSSIL ENERGY

SAN DIEGO GAS & ELECTRIC COMPANY

DOCKET NO. 15-106-NG

ORDER GRANTING BLANKET AUTHORIZATION TO
IMPORT AND EXPORT NATURAL GAS
FROM AND TO MEXICO

DOE/FE ORDER NO. 3688

JULY 23, 2015

I. DESCRIPTION OF REQUEST

On July 6, 2015, San Diego Gas & Electric Company (SDGEC) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE) under section 3 of the Natural Gas Act (NGA)¹ for blanket authorization to import and export up to a combined total of 40 billion cubic feet (Bcf) of natural gas from and to Mexico. The applicant requests the authorization be granted for a two-year term beginning on September 30, 2015.² SDGEC is a California corporation with its principal place of business in San Diego, California.

II. FINDING

The application has been evaluated to determine if the proposed import and/or export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest, and applications for such imports and exports must be granted without modification or delay. The authorization sought by SDGEC to import and export natural gas from and to Mexico, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

¹ The authority to regulate the imports and exports of natural gas, including liquefied natural gas, under section 3 of the NGA (15 U.S.C. § 717b) has been delegated to the Assistant Secretary for FE in Redelegation Order No. 00-006.02 issued on November 17, 2014.

² SDGEC's blanket authorization to import and export natural gas from and to Mexico, granted in DOE/FE Order No. 3313 on July 18, 2013, extends through September 29, 2015.

ORDER

Pursuant to section 3 of the NGA, it is ordered that:

A. SDGEC is authorized to import and export up to a combined total of 40 Bcf of natural gas from and to Mexico, pursuant to transactions that have terms of no longer than two years. This authorization shall be effective for a two-year term beginning on September 30, 2015, and extending through September 29, 2017.

B. This natural gas may be exported at any point on the border between the United States and Mexico.

C. **Monthly Reports:** With respect to the natural gas imports and exports authorized by this Order, SDGEC shall file with the Office of Oil and Gas Global Security and Supply, within 30 days following the last day of each calendar month, a report indicating whether imports or exports of natural gas have been made. Monthly reports must be filed whether or not initial deliveries have begun. If no exports have been made, a report of “no activity” for that month must be filed. If imports and/or exports of natural gas have occurred, the report must give the following details: (1) for imports, the country of origin; (2) for exports, the country of destination; (3) the point(s) of entry and exit; (4) the volume in thousand cubic feet (Mcf); (5) the average purchase price of gas per million British thermal units (MMBtu) at the international border; (6) the name of the supplier(s); (7) the name of the U.S. transporter(s); (8) the estimated or actual duration of the supply agreement(s); and (9) for imports, the geographic market(s) served (list State(s), U.S. Census Region(s), or general U.S. geographic area(s)).

(Approved by the Office of Management and Budget under OMB Control No. 1901-0294)

D. The first monthly report required by this Order is due not later than November 30, 2015, and should cover the reporting period from September 30, 2015, through October 31, 2015.

E. All monthly report filings shall be made to U.S. Department of Energy (FE-34), Office of Fossil Energy, Office of Oil and Gas Global Security and Supply, P.O. Box 44375, Washington, D.C. 20026-4375, Attention: Natural Gas Reports. Alternatively, reports may be e-mailed to ngreports@hq.doe.gov, or may be faxed to Natural Gas Reports (202) 586-6050.

Issued in Washington, D.C., on July 23, 2015.

John A. Anderson
Director, Office of Oil and Gas Global Security and Supply
