ORDER GRANTING BLANKET AUTHORIZATION TO  
IMPORT AND EXPORT NATURAL GAS  
FROM AND TO CANADA  
AND VACATING PRIOR AUTHORIZATION

DOE/FE ORDER NO. 3726

OCTOBER 9, 2015

## I. DESCRIPTION OF REQUEST

On September 17, 2015, Minnesota Energy Resources Corporation (Minnesota Energy) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE) under section 3 of the Natural Gas Act (NGA)<sup>1</sup> for blanket authorization to import and export up to a combined total of 3.5 billion cubic feet (Bcf) of natural gas from and to Canada. The applicant requests the authorization be granted for a two-year term beginning on the date the Order is signed. Minnesota Energy is a Delaware corporation with its principal place of business in Green Bay, Wisconsin.

Previously, on May 8, 2014, Minnesota Energy was granted authorization in DOE/FE Order No. 3432 to import and export natural gas from and to Canada for a two-year term beginning on July 1, 2014, and extending through June 30, 2016. However, on September 17, 2015, Minnesota Energy informed DOE that, due to increased demand for natural gas from its utility customers, it wishes to increase its authorization from the 2 Bcf export volume set forth in DOE/FE Order No. 3432 to the 3.5 Bcf export volume set forth in the current application. Therefore, contemporaneous with the issuance of this authorization to Minnesota Energy, Minnesota Energy requests that DOE/FE Order No. 3432 be vacated, effective the date the new Order is signed.

## II. FINDING

The application has been evaluated to determine if the proposed import and/or export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import

---

<sup>1</sup> The authority to regulate the imports and exports of natural gas, including liquefied natural gas, under section 3 of the NGA (15 U.S.C. § 717b) has been delegated to the Assistant Secretary for FE in Redelegation Order No. 00-006.02 issued on November 17, 2014.

and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest, and applications for such imports and exports must be granted without modification or delay. The authorization sought by Minnesota Energy to import and export natural gas from and to Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

#### ORDER

Pursuant to section 3 of the NGA, it is ordered that:

A. Minnesota Energy is authorized to import and export up to a combined total of 3.5 Bcf of natural gas from and to Canada, pursuant to transactions that have terms of no longer than two years. This authorization shall be effective for a two-year term beginning on October 09, 2015, and extending through October 08, 2017.

B. This natural gas may be imported and exported at any point on the border between the United States and Canada.

C. **Monthly Reports:** With respect to the natural gas imports and exports authorized by this Order, Minnesota Energy shall file with the Office of Oil and Gas Global Security and Supply, within 30 days following the last day of each calendar month, a report indicating whether imports or exports of natural gas have been made. Monthly reports must be filed whether or not initial deliveries have begun. If no exports have been made, a report of “no activity” for that month must be filed. If imports and/or exports of natural gas have occurred, the report must give the following details: (1) for imports, the country of origin; (2) for exports, the

country of destination; (3) the point(s) of entry and exit; (4) the volume in thousand cubic feet (Mcf); (5) the average purchase price of gas per million British thermal units (MMBtu) at the international border; (6) the name of the supplier(s); (7) the name of the U.S. transporter(s); (8) the estimated or actual duration of the supply agreement(s); and (9) for imports, the geographic market(s) served (list State(s), U.S. Census Region(s), or general U.S. geographic area(s)).

(Approved by the Office of Management and Budget under OMB Control No. 1901-0294)

D. The first monthly report required by this Order is due not later than November 30, 2015, and should cover the reporting period from October 09, 2015, through October 31, 2015.

E. All monthly report filings shall be made to U.S. Department of Energy (FE-34), Office of Fossil Energy, Office of Oil and Gas Global Security and Supply, P.O. Box 44375, Washington, D.C. 20026-4375, Attention: Natural Gas Reports. Alternatively, reports may be e-mailed to [ngreports@hq.doe.gov](mailto:ngreports@hq.doe.gov), or may be faxed to Natural Gas Reports (202) 586-6050.

F. Minnesota Energy's blanket authorization to import and export natural gas from and to Canada, which was granted in DOE/FE Order No. 3432 on May 8, 2014, is hereby vacated upon issuance of this Order.

Issued in Washington, D.C., on October 09, 2015.
