FE Docket Nos. 11-115-LNG and 11-128-LNG
Registration of Entity to Export LNG

Dear Mr. Anderson:

Dominion Cove Point LNG, LP (“DCP”) was granted long-term, multi-contract authority to export liquefied natural gas (LNG) (1) to nations with whom the United States has entered into a free trade agreement requiring the national treatment of natural gas in Order No. 3019 issued in FE Docket No. 11-15-LNG on October 7, 2011 and (2) to non-free trade agreement nations in Order No. 3331-A issued in FE Docket No. 11-128-LNG on May 7, 2015. Each of the orders permits DCP to use its authorization to export LNG as an agent for other entities, after registering the other parties with DOE/FE.

DCP now submits the information necessary to register GAIL Global (USA) LNG LLC (“GGULL”) as an entity for which DCP will utilize its authorization to export LNG, in accordance with the terms of Ordering Paragraph K of Order 3331-A and Ordering Paragraph F of Order 3019. Additional information required for the registration of GGULL is provided in the letter from GGULL, dated May 10, 2016, which is attached as Attachment A.

If you have any questions the registration of GGULL or related matters, please contact the undersigned counsel for DCP.

Sincerely,

Margaret H. Peters
