IMPORT AND EXPORT NATURAL GAS
FROM AND TO CANADA

DOE/FE ORDER NO. 3892

SEPTEMBER 20, 2016

I. DESCRIPTION OF REQUEST

On September 6, 2016, Central Hudson Gas & Electric Corporation (Central Hudson) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE) under section 3 of the Natural Gas Act (NGA)¹ for blanket authorization to import and export up to a combined total of 50 billion cubic feet (Bcf) of natural gas from and to Canada. The applicant requests the authorization be granted for a two-year term beginning on November 1, 2016.² Central Hudson is a New York corporation with its principal place of business in Poughkeepsie, New York.

II. FINDING

L. 102-486). Under section 3(c), the import and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest, and applications for such imports and exports must be granted without modification or delay. The authorization sought by Central Hudson to import and export natural gas from and to Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion

¹ Authority to regulate the imports and exports of natural gas, including liquefied natural gas, under section 3 of the NGA (15 U.S.C. § 717b) has been delegated to the Assistant Secretary for FE in Redelegation Order No. 00-006.02 issued on November 17, 2014.

² Central Hudson's blanket authorization to import and export natural gas from and to Canada, granted in DOE/FE Order No. 3523 on October 16, 2014, extends through October 31, 2016.

and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.
