FROM AND TO CANADA AND MEXICO
AND VACATING PRIOR AUTHORIZATION

DOE/FE ORDER NO. 4003

MARCH 20, 2017

I. DESCRIPTION OF REQUEST

On February 22, 2017, NextEra Energy Marketing, LLC (NextEra) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE) under section 3 of the Natural Gas Act (NGA)¹ for blanket authorization to import and export up to a combined total of 120 billion cubic feet (Bcf) of natural gas from and to Canada via pipeline. The applicant requests the authorization be granted for a two-year term beginning on January 10, 2017. NextEra is a Delaware limited liability company with its principal place of business in Juno Beach, Florida.

Previously, on March 19, 2015, NextEra Energy Power Marketing, LLC was granted authorization in DOE/FE Order No. 3615 to import and export natural gas from and to Canada for a two-year term beginning on April 6, 2015, and extending through April 5, 2017. On February 22, 2017, NextEra Energy Power Marketing, LLC notified DOE/FE it had changed its name to NextEra Energy Marketing, LLC, effective January 9, 2017. Therefore, NextEra additionally requests that DOE/FE Order No. 3615 be vacated effective January 9, 2017 and superseded by the authorization in this Order.

II. FINDING

The application has been evaluated to determine if the proposed import and/or export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and

¹ Authority to regulate the imports and exports of natural gas, including liquefied natural gas, under section 3 of the NGA (15 U.S.C. § 717b) has been delegated to the Assistant Secretary for FE in Redelegation Order No. 00-006.02 issued on November 17, 2014.

the import of LNG from other international sources are deemed to be consistent with the public interest, and applications for such imports and exports must be granted without modification or delay. The authorization sought by NextEra to import and export natural gas from and to Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

Pursuant to section 3 of the NGA, it is ordered that:

A. NextEra is authorized to import and export up to a combined total of 120 Bcf of natural gas from and to Canada, pursuant to transactions that have terms of no longer than two years. (Approved by the Office of Management and Budget under OMB Control No. 1901-0294)

D. The first monthly report required by this Order is due not later than April 30, 2017, and should cover the reporting period from January 9, 2017, through March 31, 2017.
