**RE: Request for Emergency Order Pursuant to Section 202(c) of the Federal Power Act Submitted by PJM Interconnection, LLC.**

Dear Secretary Perry:

Please be advised that PJM Interconnection, LLC communicated with Virginia Electric and Power Company ("Dominion Energy Virginia") regarding the referenced Request for Emergency Order ("Emergency Request") in advance of its submittal, and Dominion Energy Virginia agrees with the Emergency Request and will operate in accordance with its provisions.

A Department of Energy order granting the Emergency Request for a 90 day authorization allowing PJM to direct Dominion Energy Virginia to operate, and for Dominion Energy Virginia to operate as directed by PJM, Yorktown Units 1 and 2 is not a long term solution to the reliability issues in the North Hampton Roads area on the Virginia Peninsula.

Respectfully Submitted,
