SUPPLEMENTARY INFORMATION:

Summary of Change in Control

As noted in the **SUMMARY** section, Calcasieu Pass filed a Notice in the above-referenced dockets.¹ In the Notice, Calcasieu Pass states Calcasieu Pass now is a wholly-owned subsidiary of Calcasieu Pass Pledgor, LLC, which is in turn a wholly-owned subsidiary of Calcasieu Pass Holdings, LLC. Stonepeak has made equity investments totaling \$1.3 billion, in Calcasieu Pass Holdings, LLC and Calcasieu Pass

Funding, LLC, effective August 19, 2019.

Calcasieu Pass Holdings, LLC has two members: One member, Calcasieu Pass Funding, LLC, owns all the common units of the company. The other member, Stonepeak Bayou Holdings LP, a Delaware limited partnership affiliated with Stonepeak, owns all the preferred units of the company. The preferred units will convert into common units upon the commercial operation date of the Project and will constitute a minority of the total common units of the company at that time (but more than ten percent).

Calcasieu Pass Holdings, LLC is managed and directed by a board of three managers: Two designated by Calcasieu Pass Funding, LLC and one designated by Stonepeak Bayou Holdings, LP. Under certain extraordinary circumstances such as events of default and material breaches or termination of key Project contracts, Stonepeak Bayou Holdings LP would obtain the right to appoint a majority of the board of managers of Calcasieu Pass Holdings, LLC for a limited period of time lasting until thirty days after such circumstances are no longer continuing, at which time Calcasieu Pass Funding, LLC will once again have the right to appoint a majority of the board of managers. In addition, the manager designated by Stonepeak Bayou Holdings LP generally has the right to direct Calcasieu Pass Holdings, LLC and its subsidiaries with respect to certain uncured material breaches or defaults by Venture Global LNG, the ultimate parent company of Calcasieu Pass, or its affiliates under contracts to which Venture Global LNG and its affiliates are party that have an adverse impact on the Project.

Calcasieu Pass Funding, LLC, in turn, also has two members. All of its common units are owned by Venture Global Calcasieu Pass Holding, LLC, which is a direct, wholly-owned subsidiary of Venture Global LNG. All of the company's preferred units, which are redeemable over time, are owned by Stonepeak Bayou Holdings II LP, another Delaware limited partnership affiliated with Stonepeak. All of the company's business and affairs, however, are generally managed by the holder of its common units.

Additional details can be found in Calcasieu Pass' Notice, posted on the DOE/FE website at: https://www.energy.gov/sites/prod/files/2019/09/f66/Calcasieu_Pass_CIC_Notice_9619.pdf (Sept. 6, 2019).

DOE/FE Evaluation

DOE/FE will review Calcasieu Pass' Notice in accordance with its Procedures for Changes in Control Affecting Applications and Authorizations to Import or Export Natural Gas (CIC Revised Procedures).² Consistent with the CIC Revised Procedures, this notice addresses only the authorizations granted to Calcasieu Pass to export liquefied natural gas (LNG) to non-free trade agreement (non-FTA) countries in DOE/FE Order No. 4346 (FE Docket Nos. 13-69-LNG, 14-88-LNG, and 15-25-LNG, respectively). If no interested person protests the change in control and DOE takes no action on its own motion, the change in control will be deemed granted 30 days after publication in the **Federal Register**. If one or more protests are submitted, DOE will review any motions to intervene, protests, and answers, and will issue a determination as to whether the proposed change in control has been demonstrated to render the underlying authorization inconsistent with the public interest.

Public Comment Procedures

Interested persons will be provided 15 days from the date of publication of this notice in the **Federal Register** in order to move to intervene, protest, and answer Calcasieu Pass' Notice. Protests, motions to intervene, notices of intervention, and written comments are invited in response to this notice only as to the change in control described in Calcasieu Pass' Notice, and only with respect to Calcasieu Pass' non-FTA authorization in DOE/FE Order No. 4346.³ All protests, comments, motions to intervene, or notices of intervention must meet the requirements specified by DOE's regulations in 10 CFR part 590.

Filings may be submitted using one of the following methods: (1) Preferred method: emailing the filing to fergas@hq.doe.gov, with the individual FE Docket Number(s) in the title line, or Venture Global Calcasieu Pass Change in Control in the title line to include all applicable dockets in this notice; (2) mailing an original and three paper copies of the filing to the Office of Regulation, Analysis, and Engagement at the address listed in **ADDRESSES**; or (3) hand delivering an original and three paper copies of the filing to the Office of Regulation, Analysis, and Engagement at the address listed in **ADDRESSES**. AGENCY: Office of Electricity, Department of Energy.

ACTION: Notice of application.

SUMMARY: NorthPoint Energy Solutions Inc. (Applicant or NorthPoint) has applied to renew its authorization to transmit electric energy from the United States to Canada pursuant to the Federal Power Act.

DATES: Comments, protests, or motions to intervene must be submitted on or before February 24, 2020.

ADDRESSES: Comments, protests, motions to intervene, or requests for more information should be addressed

to: Office of Electricity, Mail Code: OE-20, U.S. Department of Energy, 1000 Independence Avenue SW, Washington, DC 20585-0350. Because of delays in handling conventional mail, it is recommended that documents be transmitted by overnight mail, by electronic mail to Electricity.Exports@hq.doe.gov, or by facsimile to (202) 586-8008.

SUPPLEMENTARY INFORMATION: The Department of Energy (DOE) regulates exports of electricity from the United States to a foreign country, pursuant to sections 301(b) and 402(f) of the Department of Energy Organization Act (42 U.S.C. 7151(b) and 7172(f)). Such exports require authorization under section 202(e) of the Federal Power Act (16 U.S.C. 824a(e)).

On December 21, 2009, DOE issued Order EA-275-B, which authorized NorthPoint to transmit electric energy from the United States to Canada as a power marketer for a ten-year term using existing international transmission facilities appropriate for open access. The authorization expires on April 7, 2020. On December 20, 2019, NorthPoint filed an application (Application or App.) with DOE for renewal of the export authorization contained in Order No. EA-275-B for an additional ten-year term.

NorthPoint states in its Application that it “does not own, operate, or control any electric generation, transmission, or distribution facilities in the United States, nor is it affiliated with any owner of electric generation, transmission, or distribution facilities in the United States.” App. at 4. NorthPoint states that it “is a wholly owned subsidiary of SaskPower, a Provincial Crown corporation of the Government of Saskatchewan, Canada” and that “SaskPower is engaged in the generation of power from predominantly thermal sources and the transmission, distribution, and sale of such power to wholesale and retail customers within Saskatchewan.” *Id.* At 2. NorthPoint further states that “[a]ny power purchased by NorthPoint for export to Canada will be surplus to the needs of the entities selling power to NorthPoint.” *Id.* at 4. The existing international transmission facilities to be utilized by the Applicant have previously been authorized by Presidential permits issued pursuant to Executive Order 10485, as amended, and are appropriate for open access transmission by third parties.

Procedural Matters: Any person desiring to be heard in this proceeding should file a comment or protest to the application at the address provided

above. Protests should be filed in accordance with Rule 211 of the Federal Energy Regulatory Commission's (FERC) Rules of Practice and Procedure (18 CFR 385.211). Any person desiring to become a party to this proceeding should file a motion to intervene at the above address in accordance with FERC Rule 214 (18 CFR 385.214). Two (2) copies of such comments, protests, or motions to intervene should be sent to the address provided above on or before the date listed above.

Comments and other filings concerning NorthPoint's application to export electric energy to Canada should be clearly marked with OE Docket No. EA-275-C. Rick, John & Hengerer LLP, 1629 K Street NW, Suite 402, Washington, DC 20006, and to General Council, SaskPower—Corporate & Regulatory Affairs, 2025 Victoria Avenue, Regina, Saskatchewan, Canada S4P 0S1.

A final decision will be made on this application after the environmental impacts have been evaluated pursuant to DOE's National Environmental Policy Act Implementing Procedures (10 CFR part 1021) and after DOE determines that the proposed action will not have an adverse impact on the sufficiency of supply or reliability of the U.S. electric power supply system.

Copies of this application will be made available, upon request, for public inspection and copying at the address provided above, by accessing the program website at <http://energy.gov/node/11845>, or by emailing Matthew Aronoff at matthew.aronoff@hq.doe.gov.
