**RE: G2 LNG LLC, FE Docket No. 15-44-LNG, Order No. 3682
Name Change of G2 LNG LLC**

To: Office of Oil and Gas Global Security and Supply

On March 19, 2015, G2 LNG LLC ("G2 LNG") filed its application for authorization to export liquefied natural gas ("LNG") for a 30-year term to any country with which the United States currently has, or in the future will have, a free trade agreement requiring national treatment for trade in natural gas, and with which trade is not prohibited by U.S. law or policy ("Application").

The U.S. Department of Energy ("DOE") issued Order No. 3682 on July 17, 2015, authorizing G2 LNG to export approximately 672 Bcf/year of natural gas for a 30-year term, beginning on the earlier of the date of first export or 10 years from the date the authorization is issued (July 17, 2025).

On August 5, 2020, G2 LNG amended its Certificate of Formation with the state of Delaware in which the limited liability company's name has been amended to G2 Net-Zero LNG LLC. This is strictly a name change. There has been no change in the corporate structure of the limited liability company, nor does this name change result in a change in control.

Accordingly, pursuant to 10 C.F.R. § 590.204 (2020), G2 LNG respectfully requests that DOE issue an order amending the Order No. 3682 authorization to reflect the name change. In accordance with DOE procedures, attached hereto is a copy of the Delaware-issued certificate verifying the name change and its effective date.

Please contact the undersigned if you have any questions regarding this filing. Thank you.

Sincerely,

Erica Rancilio
